

Date: 18 November 2016, Friday
Time: 15:00 - 16:30
Venue: Japan Pavilion

Japan and 16 partner countries are cooperatively developing and implementing the JCM, which is one of international market based mechanisms in active operation. Also, use of market mechanisms, including the JCM, is articulated under Paris Agreement Article 6 which prescribes for the use of emission reductions realized overseas towards national emission reduction targets. The recent progress, achievements and expectations on the implementation of the JCM will be reported and discussed.
